

BEFORE THE BOARD OF OIL AND GAS CONSERVATION
OF THE STATE OF MONTANA

IN THE MATTER OF THE APPLICATION OF
BURLINGTON RESOURCES OIL & GAS COMPANY
TO CONVERT ITS EAST LOOKOUT BUTTE #14-36
UNIT WELL IN SECTION 36, T7N-R60E, FALLON
COUNTY, MONTANA, TO AN INJECTOR FOR THE
PURPOSE OF WATER DISPOSAL.

ORDER NO. 122-2001

Docket No. 89-2001

Report of the Board

The above entitled cause came on regularly for hearing on the 31st day of May, 2001, in the Billings Petroleum Club, Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Board member Allen Kolstad was absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Burlington Resources Oil & Gas Company is authorized to convert its East Lookout Butte #14-36 Unit well in Section 36, T7N-R60E, Fallon County, Montana, to an injector for the purpose of water disposal subject to the following conditions:

1. Surface injection pressure is limited to 2195 psig.
2. Injected volume is limited to 12 million barrels over the life of the well.
3. A successful mechanical integrity test must be performed before injecting.

BOARD ORDER NO. 122-2001

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 31st day of May, 2001.

SOMONT OIL COMPANHY, INC. TO ENLARGE
THE KEVIN-SUNBURST BOW ISLAND GAS
FIELD TO INCLUDE SECTION 14, T36N-R4W,
TOOLE COUNTY, MONTANA, AND TO ENLARGE
THE AMANDA GAS FIELD TO INCLUDE
SECTION 22, T36N-R4W, TOOLE COUNTY, MONTANA,
FOR ALL FORMATIONS BELOW THE BOW ISLAND
TO AND INCLUDING THE SWIFT AND TO INCREASE
THE DRILLING DENSITY IN SECTIONS 9 AND 15, T36N-R4W,
TOOLE COUNTY, MONTANA, TO ONE WELL PER QUARTER
SECTION WITH EACH WELL TO BE DRILLED NOT CLOSER
THAN 660 FEET TO THE SECTION LINE WITH A 75 FOOT
TOPOGRAPHIC ALLOWANCE. [KEVIN-SUNBURST BOW
ISLAND GAS FIELD, AMANDA FIELD, FITZPATRICK LAKE
GAS FIELD]

ORDER NO. 123-2001

Docket No. 91-2001

Report of the Board

The above entitled cause came on regularly for hearing on the 31st day of May, 2001, in the Billings Petroleum Club, Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Board member Allen Kolstad was absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the Bow Island Interval in Section 14, T36N-R4W, Toole County, Montana, is removed from the Fitzpatrick Lake Gas Field.

IT IS FURTHER ORDERED that the Kevin-Sunburst Bow Island Gas Field established by Board Orders 2-88, 17-88 and 11-91 is enlarged to include Section 14, T36N-R4W, Toole County, Montana.

IT IS FURTHER ORDERED that the Amanda Gas Field established by Board Orders 76-79, 25-83, 1-85, 25-88, 42-88, 2-89, 29-91, 63-91 and 1-94 is enlarged to include Section 22, T36N-R4W, Toole County, Montana, for all formations below the Bow Island to and including the Swift.

BOARD ORDER NO. 123-2001

IT IS FURTHER ORDERED that the drilling density in Section 9, T36N-R4W, Fitzpatrick Lake Gas Field, Toole County, Montana, is increased to one well per quarter section with each well to be drilled not closer than 660 feet to the section line and with a 75 foot topographic tolerance.

IT IS FURTHER ORDERED that the drilling density in Section 15, T36N-R4W, Fitzpatrick Lake Gas Field, Toole County, Montana, is increased one well per quarter section with each well to be drilled not closer than 660 feet to the spacing unit boundary with a 75 foot topographic allowance.

IT IS FURTHER ORDERED that, should said wells be successful, the proceeds of production must be held in escrow until applicant has submitted and received approval of a communitization agreement from the appropriate federal agency where applicable.

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 31st day of May, 2001.

BE LOCATED ANYWHERE WITHIN THE SPACING
UNIT BUT NOT LESS THAN 660 FEET TO A SPACING
UNIT BOUNDARY WITH A TOPOGRAPHIC TOLERANCE
OF 460 FEET.

ORDER NO. 124-2001

Docket No. 93-2001

Report of the Board

The above entitled cause came on regularly for hearing on the 31st day of May, 2001, in the Billings Petroleum Club, Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Board member Allen Kolstad was absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence establishes that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the Pine Gas Field established by Board Orders 35-54, 37-62, 37-62A and 16-97 is enlarged to include the W½ of Section 25, T11N-R57E, Fallon County, Montana.

ORDER NO. 125-2001

Docket No. 95-2001

Report of the Board

The above entitled cause came on regularly for hearing on the 31st day of May, 2001, in the Billings Petroleum Club, Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Board member Allen Kolstad was absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. At the hearing, Fulton Producing Company appeared and objected to the application and moved that it be dismissed.
3. It appears to the Board that there is a conflict between the parties as to which of them has a valid lease on the land underlying the Jessie Millen No. 1 well.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that this Board has no authority to determine the validity of mineral leases and applicant must seek remedy in the courts of this State.

IT IS FURTHER ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Robinson Oil Company, LLC is dismissed.

ENERGY RESOURCES, INC. TO DRILL AN ADDITIONAL
EAGLE SAND FORMATION GAS WELL 748' FSL AND
2144' FWL OF SECTION 19, T31N-R17E, HILL COUNTY,
MONTANA, AS AN EXCEPTION TO THE TIGER RIDGE
FIELD RULES ESTABLISHED BY BOARD ORDERS
23-68 AND 23-89.

ORDER NO. 134-2001

Docket No. 108-2001

Report of the Board

The above entitled cause came on regularly for hearing on the 31st day of May, 2001, in the Billings Petroleum Club, Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Board member Allen Kolstad was absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.

2. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Ocean Energy Resources, Inc. is authorized to drill an additional Eagle Sand Formation gas well 748' FSL and 2144' FWL of Section 19, T31N-R17E, Hill County, Montana, as an exception to the Tiger Ridge Field rules established by Board Orders 23-68 and 23-89.

BOARD ORDER 134-2001

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 31st day of May, 2001.

SPACING UNITS FOR GAS PRODUCTION FROM
FORMATIONS FROM THE SURFACE TO A DEPTH
OF 950 FEET.

ORDER NO. 135-2001

Docket No. 109-2001

Report of the Board

The above entitled cause came on regularly for hearing on the 31st day of May, 2001, in the Billings Petroleum Club, Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Board member Allen Kolstad was absent. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the NE¼ of Section 21, the NW¼ of Section 22, and the NW¼ of Section 27, all in T34N-R10W, Glacier County, Montana, are designated as 160 acre temporary spacing units for gas production from formations from the surface to a depth of 950 feet with the permitted well for each temporary spacing unit to be located not closer than 660 feet to the spacing unit boundaries with a 150 foot tolerance in any direction for topographic reasons.
